OUT OF SIGHT

Protect your eyes with this season's chicest shape in sunglasses: the aviator. Unlike the *Top Gun* specs of the past, these shades have larger lenses and wider frames for added coverage (read: less sun damage to this delicate area). For a modern style you can wear with anything, check out Tommy Hilfiger Eyewear, \$75 (shown above). —Dori Katz

PRETTY QUICK

Get look-great results in less time with these speedy at-home treatments.

1 Luster 1 Hour White Tooth Whitening Light System, \$40, brightens your smile up to six shades within an hour. Rinse, apply the gel, then beam the built-in laser light over teeth at two-minute intervals.

2 Clairol Perfect 10 by Nice 'n Easy, \$14, makes coloring your hair a one-step, 10-minute process, thanks to its handy applicator and fast-acting formula. That means there are no more excuses for letting your roots show.

3 Jergens Natural Glow Express, \$8, gives a sun-kissed look quicker than traditional gradual tanning formulas. Start seeing a change overnight and reach your richest color after three days of moisturizing.
